Develop your time and self-management skills - BrainLinks-BrainTools Seminar

What?
Self-organization is a tool to effectively structure our tasks. However, this process is not always straightforward. Therefore, we now offer you a 3-day seminar to develop and improve upon your time and self-management skills. The course will tackle questions such as: What does it mean for the individual to be productive? How can efficiency be positively influenced?

Summary
- 3-day full time course conducted by two professional coaches
- max. 30 participants (German and English speaking coaches)
- this course is part of the "BrainLinks-BrainTools Graduate Program"

Who?
All BrainLinks-BrainTools Junior Scientists are warmly invited to register

When?
14.08. (Monday) - 16.08. (Wednesday) 2017

Where?
BDB-Musikakademie, Staufen (20 km south of Freiburg)
Please note that the participation includes accommodation.
